HEALTH AND SAFETY REQUIREMENTS

ALA prioritizes the safety and welfare of its meeting and conference attendees, exhibitors, partners, speakers and team members. ALA policy is to adhere to the health and safety protocols in place at the time of the conference as determined by federal, state and local authorities and the venue.
Individuals are encouraged to take any additional precautions they deem necessary to achieve their desired personal level of safety and wellness.

ALA's health and safety requirements are based on guidance and recommendations issued by the U.S. Centers for Disease Control and Prevention and other public health authorities. We continuously monitor local, state, and federal public health guidance, directives and requirements and will update our health and safety requirements as necessary.

In order to care for our community, all ALA conference attendees must follow all health and safety protocols required by ALA, the venue, national and/or local authorities.
